

Sheet Cast

by **Florida Patio**

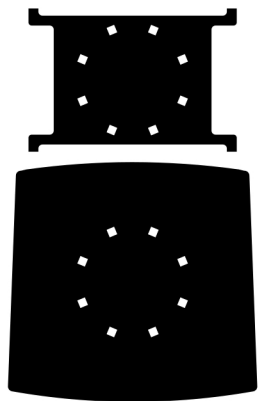

We proudly present Florida Patio's new Sheet Cast Line! We developed the Sheet Cast Line to replace other company's cast furniture lines. As we all know, cast aluminum furniture tends to corrode very fast in the elements and it also breaks very easily, where as extruded aluminum will not. Why? Because most cast aluminum furniture contains only 51% aluminum, the rest is junk metals! Our Sheet Cast line is made from 100% pure extruded aluminum! We offer a wide range of attractive patterns and dozens of different powder coated finishes. The powder coat finish on our Sheet Cast furniture will last many years longer than the same finish on cast aluminum furniture. And the best part is our Sheet Cast furniture cost 30% to 40% LESS than cast furniture! Call us Toll Free today at 866-55PATIO.

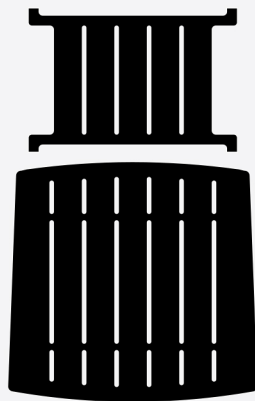

“Sheet Cast Furniture is the biggest thing to happen to patio furniture since aluminum!” - Jimmy Stewart, President of Florida Patio Furniture Inc.
